# Lupi Service Department

*From technical support to maintenance programs.  
Lupi is committed to delivering flexible and comprehensive solutions  
designed to enhance efficiency and reliability*

- **Onboard Technical Assistance** - Our specialized team provides expert technical assistance directly on board vessels worldwide. Whether scheduled maintenance or emergency interventions, we deliver fast and reliable solutions to keep your operations running smoothly.
- **Specialized Inspections and Health Checks** - To maintain equipment in optimal condition, we conduct thorough inspections and health checks. Our in-depth evaluations identify potential issues before they escalate, providing valuable insights and tailored recommendations to improve performance and extend equipment lifespan.
